

SOME TRUTHS ABOUT KAWAIDA TOWERS

Sept. 15, 1971, after meeting alone with Corp. Council Walls, our Councilman proposed the Tax abatement which may still change the life style of our Ward!

IN COURT TESTIMONY:

- 1) Our Councilman stated he favors the 16 story building.
- 2) Our Councilman stated the names on KAWAIDA TOWERS Inc. were changed on him. Why didn't he check the corporate structure of KAWAIDA TEMPLE, the sponsors of the project?
- 3) Our Councilman stated he did not know the Swahili language. Just knowing it was Swahili should have been enough.

Two years + six months later our Councilman proposed the purchase of the American Legion Hospital for \$540,000, when it was only worth \$170,000. He never inquired about such a high price, nor what services the new site would offer.

What will happen 2½ years from now if we allow these mistakes to continue?

Let's... Not... Take... That... Chance!!!
